### 1 INTRODUCTION

---

Sonae MC, SGPS, SA (ex- Sonae Investimentos, SGPS, SA), has its head-office at Rua João Mendonça nº 529, 4464-501 Senhora da Hora, Portugal, and is the parent company of a group of companies, as detailed in Notes 9 and 29 the Sonae MC Group ("Sonae MC"). Sonae MC's operations and operating segments are described in Note 5.

### 2 PRINCIPAL ACCOUNTING POLICIES

---

The accounting policies adopted are consistent with those used in the preparation of the consolidated financial statements for the period ended as at 31 December 2017.

#### **Basis of preparation**

The accompanying consolidated financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS") as adopted by the European Union and applicable to economic period beginning on 1 January 2018, issued by the International Accounting Standards Board ("IASB"), and interpretations issued by the International Financial Reporting Standards Interpretations Committee ("IFRS - IC") or by the previous Standing Interpretations Committee ("SIC"), as adopted by the European Union as at the consolidated financial statements issuance date.

Interim financial statements are presented quarterly, in accordance with IAS 34 - "Interim Financial Reporting".

The accompanying condensed consolidated financial statements have been prepared from the books and accounting records of the Company, subsidiaries and joint ventures adjusted in the consolidation process, on a going concern basis and under the historical cost convention, except for financial instruments which are stated at fair value.

**New accounting standards and their impact on the consolidated financial statements:**

Up to the date of approval of these consolidated financial statements, the European Union endorsed the following standards, interpretations, amendments and revisions some of which become mandatory during the year 2018:

<b>With mandatory application during the year 2018</b>		<b>Effective date (for financial years beginning on or after)</b>
IFRS 9	Financial instruments (establishes the new requirements regarding the classification and measurement of financial assets and liabilities, the methodology for calculating impairment and for the application of hedge accounting rules)	01 Jan 2018
IFRS 15	Revenue from contracts with customers (introduces a principles-based revenue recognition framework based on a template to be applied to all contracts with customers)	01 Jan 2018
IFRS 15 (amendment)	Revenue from contracts with customers (various clarifications are introduced in the standard to eliminate the possibility of divergent interpretations of various topics)	01 Jan 2018
IFRS 4 (amendment)	Insurance contracts (provides guidance on the application of IFRS 4 in together with IFRS 9)	01 Jan 2018
IFRS 2 (amendment)	Share-based payment (include a number of clarifications in the standard related to recording share-based payment transactions that are settled with cash, (ii) recording changes in share-based payment transactions (of cash settled for settlement with equity instruments), (iii) the classification of transactions with cleared liquidation characteristics)	01 Jan 2018
	Annual Improvements to international financial reporting standards (cycle 2014-2016)	01 Jan 2017 and 01 Jan 2018

These standards were applied by the Group in 2018, however there were no significant impacts on these financial statements.

The following standards, interpretations, amendments and revisions were endorsed by the European Union and have mandatory application in future economic exercises:

With mandatory application during the year 2018		Effective date (for financial years beginning on or after)
IFRS 9 (amendment)	Prepayment features with negative compensation	01 Jan 2019
IFRIC 22	Transactions in foreign currency and advances (establish the date of the initial recognition of the advance or deferred income as the date of the transaction for determining the exchange rate of the recognition of the revenue)	01 Jan 2019
IFRS 16	Leases - (recognition and measurement principles)	01 Jan 2019
IAS 40 (amendment)	Investment properties (clarify that the change in classification from or to investment property should only be made when there is evidence of a change in the use of the asset)	01 Jan 2019

IFRS 16 sets out the principles for the recognition, measurement, presentation and disclosure of leases, and supersedes IAS 17 - Leases and its associated interpretative guidance.

IFRS 16 distinguishes leases and service contracts taking into account whether an identified asset that is controlled or not. Distinctions off-balance sheet and finance leases (included in the balance sheet) are eliminated at the level of the lessee and are replaced by a model in which an asset identified with a right of use and a corresponding liability for all lease contracts, except for short-term (up to 12 months) and low value contracts.

The "right of use" is initially measured at cost and subsequently at the net cost of depreciation and impairment, adjusted by the remeasurement of the lease liability. The lease liability is initially measured based on the present value of the lease responsibilities at the date and subsequently is adjusted by the financial update of that amount, as well as the possible modifications of the lease contracts.

At the date of publication of these consolidated financial statements, Sonae is carrying out the inventory of the existing leasing contracts, and performing its technical analysis and framework considering the provisions of IFRS 16.

In addition, it is currently on analysis the existing information systems to assess the necessity of adapting it to the requirements of this standard. At this stage, it is not possible to estimate the magnitude of the impacts inherent to its adoption.

The Group did not proceed to earlier adoption of any of these standards on the financial statements for the period ended on the 30 June 2018, since their application is not yet mandatory. The impacts of the above-mentioned standards are being analysed by the Group.

The following standards, interpretations, amendments and revisions haven't been, until the date of approval of these financial statements, endorsed by the European Union:

With mandatory application after the year 2018		Effective date (for financial years beginning on or after)
IFRS 17	(Insurance contracts)	01 Jan 2021
IAS 19 (amendment)	Amendments, reductions or liquidation of employee benefit plans	01 Jan 2019
IFRIC 23	Uncertainty over income tax treatments (clarifies the accounting for uncertainties in income taxes)	01 Jan 2019
IAS 28 (amendment)	Long-term interests in associates and joint ventures	01 Jan 2019
	Annual Improvements to international financial reporting standards (cycle 2015-2017)	01 Jan 2019

The Group did not proceed to earlier adoption of any of these standards on the financial statements for the period ended on the 30 June 2018, since their application is not mandatory, lying in the process of analysing expected effects of those standards that, are not expected to reflect significant impacts.

### 3 RESTATEMENT OF FINANCIAL STATEMENTS

On March 9<sup>th</sup> 2017, Sonae MC through one of its subsidiaries, signed a Memorandum of Understanding (MoU) with JD Sports Fashion Plc (JD Group), UK's leading retailer of sports, fashion and outdoor brands, and JD Sprinter Holdings (JD Sprinter), which provides the combination of the JD Group's existing businesses in Iberia and JD Sprinter, with Sport Zone's business. This MoU establishes the key parameters for the creation of an Iberian Sports Retail Group that will have as shareholders the JD Group, Sonae and the family shareholders of JD Sprinter, with shareholdings of approximately 50%, 30% and 20%, respectively. The Spanish Supreme Court decided in favour of Sonae MC considering that goodwill amortization for tax purposes in 2008 was applicable. For that reason, in 2017 the Group deducted tax on the amortization of goodwill generated in previous years for the years 2008, 2016, 2017 e 2018, having recognized 20.4 million euros in deferred tax liabilities.

Taking into account the tax proceedings pending before the court in Spain for the financial years 2009 to 2011, as well as for the fact that the Group was prevented from recognizing the tax depreciation of goodwill for the financial years 2012 to 2015, the right of the entity to deduct tax depreciation of goodwill amounting to 69.8 million euro might be given in the future.

## 18 DERIVATIVES

### Exchange rate derivatives

In what concerns financial risk management policy, Sonae MC essentially uses exchange rate derivatives to hedge future cash flows that occur in the next 12 months.

Sonae MC entered into several exchange rate forwards in order to manage its exchange rate exposure.

The fair value of exchange rate derivatives hedging instruments, calculated based on present market value of equivalent financial instruments of exchange rate, is 458,053 euro as liabilities (1,248,119 euro as at 31 December 2017) and 1,596,429 euro as assets (179,881 euro as at 31 December 2017).

The computation of the fair value of these financial instruments was made taking into consideration the present value at statement of financial position date of the forward settlement amount in the maturity date of the contract. The settlement amount considered in the valuation, is equal to the currency notional amount (foreign currency) multiplied by the difference between the contracted forward exchange rate and the forward exchange market rate at that date as at the valuation date.

Losses in the period arising from changes in the fair value of instruments that do not qualify for hedging accounting treatment were recorded directly in the income statement in the captions “Financial income” or “Financial expenses”.

Gains and losses for the year associated with the change in market value of derivative instruments are recorded under the caption "Hedging reserve" when considered cash flow hedging and when considered as fair value hedging are recorded under the caption “Financial income” or “Financial expenses”. The change in fair value of derivative instruments when considered speculation is recorded in the income statement under "Other expenses".

**27 PRESENTATION OF CONSOLIDATED INCOME STATEMENTS**

In the Management Report, and for the purposes of calculating financial indicators as EBIT, EBITDA and Underlying EBITDA the consolidated income statement is divided between Direct Income and Indirect Income.

The Indirect Income includes: (i) impairment of real estate assets for retail, (ii) decreases in goodwill, (iii) provisions (net of tax) for possible future liabilities, and impairments related to non-core investments, businesses and discontinued assets (or to be discontinued / repositioned), (iv) valuation results based on the methodology "mark-to-market" of other current investments that will be sold or traded in the near future and (v) other irrelevant issues.

The value of EBITDA is calculated in the direct income component, i.e. excluding the indirect contributions.
